

**TWO
BLADES
CUT
BETTER
THAN
ONE.**

CRAFTSMEN ROUND CORNER CUTTERS

It figures. A Craftsmen round corner cutter cuts cleaner corners, quicker. That's because Craftsmen has two blades, one on the top *and* one on the bottom.

Two blades really do cut better than one. They cut clear through every sheet in your lift without pinching, crunching or tearing. And the bottom sheet is just as snappy and clean as the top.

Whether you're cutting a few corners, or getting a big job done in a big hurry, you'll be glad your corner cutter is a Craftsmen.

Because we make our corner cutters just like we make all our graphics equipment. Simple. Reliable. Tough as nails.

After all, we're Craftsmen.

A LOT OF CUTTER FOR A LITTLE MONEY.

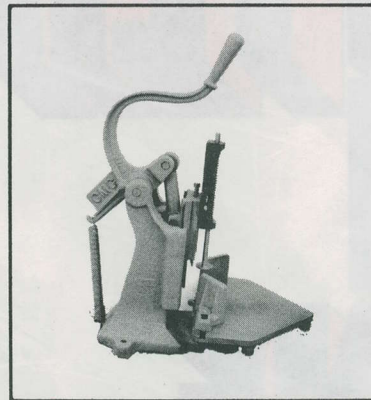

Our pedestal cutter is versatile, rugged and foot-operated for clean, continuous cutting.

- Cuts through lifts up to 2½".
- Adjustable 45° gauges.
- Self-adjusting spring operated clamp precedes the knife, holds lift firmly in place.
- Heavy-duty knife bar.
- Exceptionally rigid knife guides.
- Includes a set of ⅜" radius knives (⅛", ¼", ⅜", ½", ¾", 1-½" radius knives, and 2" straight blades are available from stock).
- Full one year limited warrantee.

SPECIFICATIONS

	Pedestal Model	Bench Model
WEIGHT:	125 lbs.	65 lbs.
DIMENSIONS:	50"h x 13"w x 24"d	18"h x 11"w x 19"d

THE SAME CUTTER FOR A LITTLE SPACE.

Our tough little bench cutter has all the same quality features as the pedestal cutter except that you bolt it to your bench and it is hand operated. Ideal for a small shop or an occasional need.

EXCLUSIVE DYADIC CUTTING BLADES

The Craftsmen Dyadic Blades are precision machined to exacting specifications for years of precise, trouble-free operation.
